

Town of Watertown Survey

The Town of Watertown is sending this survey to all of our residents, businesses and farms to better learn the community's needs for internet connection. We are looking to gain information from each of you to use in an application to the Public Service Commission of Wisconsin's - Broadband Expansion Grant Program. Each completed survey will help us to defend our application for state funding.

Insert mail merge here (First & Last Name, Address)

Please place an "x" in front of each selection below.
